Experience

User Experience Designer

HourWork

2019–PRESENT

Utilized bubble.io to design, build, and manage the entire HourWork platform for 3 years, ultimately supervising a small team of bubble developers; facilitated a seamless transition to a React-based platform to accommodate growth and scalability.

Thrived in a fast-paced startup setting, collaborating closely with product managers to prioritize tasks, meet tight deadlines, and deliver high-quality UX/UI designs.

Collaborated with other UX designers to iterate on designs, execute regular user testing, and rapidly implement changes.

Graphic Designer

Stone Showcase

2018–2019

Designed and coded website, created advertisement graphics, and coded custom PHP web plugins.

Coded custom Wordpress plugins to manage inventory, display products, and generate surveys.

Rebranded visuals including creating brand guides, document templates, and website imagery.

Worked with employees to create company app for more efficient warehouse productivity.

Design Consultant

2015–2018

Completed over 100 freelance design projects working one-on-one with clients. Designed websites, wireframes, logos, and more.
